**State of California Banking and Finance Committee and UFSC**

We hope this note finds you doing very well. We have had some *interesting* discussions in connection with the SF Bay Area Chapter of the Urban Financial Services Coalition. These discussions hold very positive possibilities for our chapters' future activities.

One of them a few days ago, was with the Honorable Ted Lieu, *Chair of the State of California Legislature Banking and Finance Committee*.

Mr. Lieu's committee is concerned with matters related to financial institutions, corporate securities law and real property finance. We have started a dialogue with Mr. Lieu which we believe will assist our organization further with our goals of Individual Professional Development and Community Outreach in the San Francisco Bay Area. We will keep you, our members posted on the developments.

Also, please *be sure to attend* our upcoming Mixer at the New Alta Alliance Bank 1951 Webster St, Oakland, Ca. on May 17, 2007 at 6:30pm to 8:30pm! We will have a great 15-minute presentation on "How to start your own Bank" and lots of food, drinks, music and networking!

Please RSVP to [anna.ollison@uboc.com](mailto:anna.ollison@uboc.com)

Hope to see you soon.

Walter Brown, Jr. DE

Chair, SF Bay Area Chapter
