

Spring time is over and the summer has arrived!! The Urban Financial Services Coalition San Francisco Bay Area Chapter had a jammed packed first half of 2013 and we are looking to continue our strong efforts throughout the second half of the year. In addition to all our volunteer efforts in the first quarter, we capped it off with our 7th Annual Economic Summit. It was an amazing evening of discussion and we are pleased to report on the Economic Summit attendee surveys from "Survey Monkey"!

"Event information usefulness" the majority of attendees gave the highest rating possible on the survey "Extremely useful"

"Quality of event venue" the majority of attendees gave the highest rating possible on the survey in this area as well.

We received many comments such as - "I loved the discussion topics and the level of understanding the panelists had. I also enjoyed the food and atmosphere of the event. Not to forget the people I was able to network with."

Most recently, we were invited to a 2-hour radio show on KPOO 89.5 FM where we had a riveting discussion around the hot topic of crowdfunding and the current mortgage finance markets.

We are currently gearing up for our 39th Annual International Summit, which is taking place June 13-15, 2013 at the St. Louis Federal Reserve Bank in St. Louis MO. This year's theme is "Putting Success Within Reach". We will be providing updates via our Facebook and Twitter accounts throughout the summit. If you have any questions before/during the summit that you would like to ask our International leadership team or the San Francisco Bay Area Chapter leadership, please post your question via Facebook, Twitter or send us an email ufscbayarea@gmail.com.

Lastly, we will be launching another #buildwealth social media campaign, where we will be sharing words of wisdom, articles, videos, etc. as we continue to carry out our mission of being *the preeminent resource organization in the financial services industry that provides professional development programs, supports educational advancement and promotes economic empowerment for its members and minority communities at large.*

Warmest regards,

Urban Financial Services Coalition
San Francisco Bay Area Chapter
