

3/27/08 meeting is cancelled to be rescheduled

Dear friends,

The March 27, 2008 Urban Financial Services Coalition meeting with Elected Officials regarding the Mortgage Crisis at the Federal Reserve Bank of SF is being **RESCHEDULED** due to schedule and assignment conflicts and changes in Sacramento.

This meeting is intended to;

- Give opportunity for discussion and feedback of in- process legislation in Sacramento related to the Mortgage Crisis
- Discussion of avenues and contacts available to homeowners now to protect their interests from the public, non-profit and private sectors
- Status of current "Credit Crunch" and its' effects on institutions and the public
-

Due to the changes, the officials scheduled are required to be in meetings related to Committee and Caucus matters on 3/27/08.
